3. The same solution may be extended to other services like Health (Ambulance), Urban Local Bodies (Fire brigades) etc. The tentative number of additional vehicles (Ambulances & Fire brigades) can be around 1200 Nos. and dispatchers around 10 Nos. The bidder should include a separate section in the RFP - Financial Bid to discover the rates for primarily the Dispatchers & PFTs along with software(s), license(s) and other necessary components required in order to seamlessly integrate the additional vehicles with the Haryana 100 solution with full functionality. The template of the table to be submitted separately along with financial bid is as below:

Sr. no	Component	Unit Price (in INR Including taxes)
1	PFT (4 wheeler) including all the required Software, Hardware, Licences etc to meet the scope of work as per the specifications of respective items in the RFP	
2	PFT (2 wheeler) including all the required Software, Hardware, Licences etc to meet the scope of work as per the specifications of respective items in the RFP	
3	Required Software, Hardware, Licences etc for additional dispatcher to meet the scope of work as per the specifications of respective items in the RFP	

Further, in case the other department decides to have a separate solution, the software solution as provided in Haryana 100 application should be capable to integrate for seamless service delivery.

Note: The price quoted in this section shall not be the part of evaluation of financial bid to decide the L1 bidder and It should be in sync with the price quoted in the financial bid. The competent authority reserves the right to negotiate the unit price quoted for tentative additional equipment in this section.

4. It is to intimate that the State reserves the right to change the name of the Haryana 100 project in future, if required. The Implementation Agency shall modify the system accordingly with no additional cost
